Marvel wants the X-Men for upcoming movies. Fox says no.

In retaliation, Disney Tells Marvel to stop creating any new X-men Characters, resulting in Fox only able to use characters that only currently exist and to cancel the Fantastic 4 so it could not be used for future movie plots based on the comics.

Didnt know Marvel was cancelling Fantastic Four. Has things got that bad really? FF was one of the titles that re-energized Marvel. While I do hate what they have in plan for the next movie..no need to kill the mag. The damage is already done. So do they plan to cancel the X titles next? Who knows. could explain why they killed off Wolverine.
