Why the rush? to give you the feel of being chased down by a slasher or Valentines day stalker just before they kill you.

The due date was posted as the 4th so it was before friday the 13th and valentines day. The original post even explained why it was such a rush.

Not surprised we didn't see any entries with the time crunch requested. 8 days from when the idea was posted to when it was due.

If that wasn't the intent and it was due in April, why on earth would we have a three plus month challenge.
