Thanks, folks!

Personally, I loved them all!

I'm a super-fan of the classic 80's horror slasher flicks, and was super enthused to see what everyone came up with.

B lood, B reasts and B easts was the theme of a late night show on the Movie Channel called Joe Bob's Drive in Theater, which specialized in B movie horror/slasher flicks.

The more B's ya had, the better the B movie was.

These slasher pieces reminded me sooo much of those days with the gore and humor. Thanks for having this contest, and thanks for the great entries, all of yas!
