I enjoyed the series. I finished it last night.

I think the first half was better then the second.

How ever I really liked it as a whole.

Since this was an origin story I didn't mind him not getting his red outfit until the last episode.

I honestly didn't know what to expect with this show, since I don't like the other 2 current marvel tv shows (agents of shield and Agent carter).

The action scenes were really good. My favorite being the hallway fight in EP2. The acting was pretty good with the notable exception of Fisk's girlfriend, I don't know why I didn't like that actress specifically but I thought she sucked but everyone else was good.

I really liked this version of the Kingpin. Way better then the old movie version.
