Daredevil kicked butt! I give it four thumbs up! Vincent Donofrio is to Kingpin what Patrick Stewart is to Professor Xavier, You just can't find an actor more fit to the part. Everyone was well cast and I thought Vanessa was a dead ringer to the Mrs. Fisk of the comics! I hope they introduce some of his supervillains in season two like Mr. Hyde, The Owl, Elektra, Stilt-Man and let us not forget Bullseye! Bullseye! Bullseye!
