I finally got around to watching the trailer/teaser. I would really like this to work out. But it will be cancelled at the end, if it makes it that far, of the first season. And not because Jimmy... errr... James Olsen is black or because the lead is a woman. The trailer makes it look like they are going to make it way to campy for comic book fans, and non fans don't give a flip about Supergirl. SOOOO... enjoy it if it ever comes out.

I REALLY hope I am wrong because I would like to see this. But if shows like Battle Creek, which was hilarious, gets the ax, then so will this. <--insert sad face here. HA!
