Same here. I do good with Genesis and love it.... i will be upgrading my computer soon, mostly because it is on it's last leg

Sounds good. Don't get me wrong I would love to be able to utilize the newer Daz figures, but like you my PC is on it's last legs/gig. Eventually when my children grow up and move out I'll be able to afford a serious &1000 or so upgrade myself. Hopefully by then my hands won't be too riddled from arthritis.
