Hello Heromorph!

I have, what I think to be, a fun idea for this month.

As artist you all have grown in skill.

I would love to see you take any image you have created and posted here on HM, and Recreate it using your current skills.

What ever medium you started with and convert it using either the same medium, or something else.

If you started in Pencil for example and now do 3D or photo manipulations, then recreate that old image and bring some new life to it.

You have until the end of June to submit your image.

Just have in the title "Then and Now"

It would also be cool to see a side by side in your comments of the before and after looks or at least a reference link to the original.

Have Fun!
