Way back in the day I made a manip of Wonder Woman using Eve Torres as the base image.

Reason I bring this up is because I was watching a movie called Skiptrace, which she played the roll of Dasha, at the moment I did not recognize her, it's been a while since I saw on TV. She was credited as Eve Gracie so I taught let me look her up see who she is and to my surprise it was actually Eve Torres, what really caught by surprise was that I decided to see what she was up to, and so to yet another surprise she is portraying the roll or portrayed Maxima in the Super Girl 2016 series which I have not watched. So heromorphers does she do or did a good job as Maxima? cause I mean hey she fitted the roll of Wonder Woman, as per comments, very nicely in my mamip . Meaning she does have the attributes to play a Superhero or Villain but does he do Maxima justice?
