More madness from Dragondack!

Birthday wishes and it's not even my birthday! Madness!

One of the crazy things about MADNESS is it's unpredictable nature. So I'm changing things a little. Since *anything goes** this month, in addition to signing up, I'll be drafting some of you into the challenge this month. That's what you get for being so talented. Deal with it.

*anything within [heromorph posting policy](#)
