As you all know I stopped production on the Adventures of Obsidian Mask comics so I could begin creating videos. Thus far it works pretty much the same, I outline a story and create a couple hundred images to go along with it. The story I'm working on right now is the Origin story of Obsidian Mask and how he got to be who he is. I wanted to create a great opening for this series and I'm fairly happy with the initial test video. Long story short, you guys know how much I love teasers so here's a little taste of what's to come. As always your feedback is not only welcome but encouraged... Let me know your thoughts and feelings.
