So is this still going? can I see the base image? I may like to get my hands dirty on this....if it is not too late :)

I think so, DW, its just that BA and I have been so [BUSY](#).

I stopped working on mine; I figure its about as ready as its ever gonna be. When BA returns from his self-imposed exile (I think hes "discovering" himself. Lets hope he doesn't go blind), we'll have to ask if he wants to finish the duel.

[HERE](#) is the base pic, fyi
