Ok, I just want to make sure I understand, you are going to do a tiered pairing, or you are going to do a free-for-all?

Hey look, I quoted you too!

To answer your question: it's a free-for-all. Like Max said, if we're doing a straight team-up, there doesn't seem to be much reason for tiers. Plus I think "rookies" (however you want to define those) may be able to learn a great deal from being teamed up with someone more experienced

Well, I don't know how a rookie is going to learn anything from me. It's not like he's standing over my shoulder, or something.

Just remember Android and whoever it was he was teamed up with last year... Remember, this is not a contest.

Still, it's your show. I could sort the list for you, if you wanted...
