Well not that I'm complaining ...just wondering ?

Who put this up in the forum originally awhile ago?

I went back in the forum looking for it and it seams to have been deleted?

What's that saying "All things that go around come around" or "wait awhile and it will come back into style" or "I'm gonna hit you so hard when you come to your clothes will be back in style" then there's " If it's a good idea it's worth stealing"
