Well, I have at last had to use my ability as moderator to remove a post (which it seems also removes any replies to that post, for which I'm sorry since Winterhawk had a lot to say and it was a rather long post).

The behavior that may be tolerated at other websites will not be tolerated here. Let me say once more that this is a friendly place where the artwork in this genre is being shared with the world. It is pitiful that some people will fire off a quick angry retort without first reviewing all the facts. If they had taken the time to read the forums they'd understand our position on the subject.

As for those who can't be friendly. I don't care, they don't need to be here. I don't care how damn good their art might be.

Angry little tirades will go. We don't need them. Especially by anyone who isn't man enough, or woman enough, to post with an identity, choosing instead to hide behind anonymity. That absolutley does not fly with me.

So, boys and girls, let's go have some fun!
