Alrighty then. Let's make this official (where's my trumpet? very funny, Thayne)

Dark Wanderer's Challenge goes forth as the April Challenge. Once again the rules are:

A New Herald For Galactus

1. The Herald should be new and original.
2. No one that has been a herald in the past( or genderbending old ones either)
3. Have Fun with it

Other than that, anything is game.

both original characters and existing heros made into a cosmic herald are acceptable.

You have until the end of April to find a suitable herald. Then Galactus will come and devourer us all!
