Well, technically... you would have to find some old has been character for this challenge. Since most characters have active series... the "Where are they now" doesn't apply... see... Superman is still flying... he isn't some Housedad that stays at the house with superbabies... Now, you could grab someone like Mr. Terrific... he could be fat and out of shape...

Ahhhh... who knows... I guess I am just tired of everyone making suggestions for challenges and then not participating... all that is is just a request that gets filled by everyone that does the challenge... make your own images...

\*Oh---FoulPet... I am not talking about you... you are a contributor to the site... so don't get your panties in a wad...\*

\*Edited note\*... I have had a few people ask me about this... let me explain...

If you are a poster... Images or actively comment on images, I don't care how many times you throw out Ideas for challenges... I am cool with that...

My little rant was for the lurkers that never post or say a thing and then all of a sudden there is a request for images... that is what irritates me...

"Little", JR? From what the lassies been a-tellin me and the lady, yer NOT that little...5-9, 160#...good thing I saw Patty first...

But, I do agree with you on the 'lurkers'...maybe a contest to see who can freestyle the best appearance of one of these elusive creatures...Ya Think?
