Maybe I should start my own website? Where ordinary people could come and worship the divine being that is me? (' and it is said that his ego grew three sizes that day')

Yes, you should. 'Nuff said.

Anyway I'm willing to bet that almost every pic at HM has been 'stolen' at least once. Viewers save the files to disk and then when all alone late at night look at them in order to... compare artistic merits.

Ooohhh... I'll take a piece of that bet. Almost every pic?! I'd say, less than half...
