Okay Kiddies, as many of you may or may not know, April starts challenges where the wardens are now letting the inmates run the asylum! All this really means, is that Winterhawk has run out of ideas and its up to us to come up with new ones.

that's not really true....he still has a few good ideas. Just goes to prove that our Senior Citizens are still contributing members of society.

But I think this is always how it was meant to be. Also a good way to get everybody involved.

SO....

this month (if you've been following along) is to create a herald for Galactus. (see rules in previous threads of this post).

For ideas on challenges in upcoming months, feel free to post an idea in the forums, or pm me. I will try to comprise an ongoing list of usable ideas that we come up with. Or maybe take the one idea that doesn't suck as bad as the others and just use that.
yeah, that might be the way to go....

People have already submitted some cool stuff, and we are already covered for May and possibly June. What are they? Tsk, tsk. thats a closely guarded herald secret. Just like the viruses we send to your computers every week.

A week or so before each month we'll announce that month's challenge and the rules and who came up with it, in case you wanna make fun of them. If you have any questions about a challenge or its rules, simply reply to that same post and we'll respond in the same way.

All challenges end on the last day of that month, but can start whenever: for large challenges, we may announce them a week or so before that month, to give the slowpokes a head start (nah, I'm not lookin at you, JR).

My whole point of this thread was to mention if you have already submitted a pic for April, just make sure a herald or moderator knows sos I can put it on the list. And lets put the name of the month in the title so we don't miss any. I will post what entrys we have so far here, and update it as we close in on the end of the month.
