I am kind of done with this idea.

Someone else can take over if you want cause I am done.

Originally with this idea, everyone was suppose to give each other homework and work as a team giving little challenges back and forth, but what ended up happening is that everyone wanted me to give out home work and then no one did it.

I think in total we had 3 people actually do homework, Brick, vagabond, and me. It was a lot of work and no one really benefited from it.

Have fun; I hope this works for you guys.
