Ever felt that movies are missing something?

Ever walked out of a movie and thought 'that movie could have used more hot chicks dressed as schoolgirls... and lesbians'?

Then here is the movie for you (let's get real it's the movie for everyone).

D.E.B.S

It has hot secret agent chicks dressed as schoolgirls in very short skirts!

Girly girl lesbians!

Good production values and it's very funny.

It could only be more fun if you saw it with a bunch of hot lesbians... which I did.
