WTF... I thought this has died... Die stupid thread...DIE... oh man, it is like a horrible nightmare... And now I am about to put it back at the top of the list of forums... why am I responding to this... why. There has to be a reason why this keeps popping up. I believe we have covered every possible actress that is going to star in this P.O.S movie... why are we still talking about it? Let it die... really.

Oh, and I think that Linda O'Neil should play this role...

DIE!
