I have the power to remove it with one click of a button

no you can't!

because!

because.....

we are in love.

yes, in love. it just happened. At first it was just a friendly acquaintance. I would stop in, she would be here, we would exchange pleasantries. Then before long, I found myself drawn to her. When I was off site, I would think about her, and what I would say when I saw her next. When I did log on, I would do nothing but spend all my time with her, mostly just staring for hours. Sure, shes a little larger than most threads, and has been with every guy on this site(and a few of the girls), but that doesn't matter to me.

I love her, and we're going to get married!!
