NO...NO... NO... this thread is cheating on Matrix with me... I was simply saying that back when this thread was but a wee little annoying baby... I hated it and wanted it to go away... and no one would listen... then for a few fleeting moments... I could have given it the ax... but couldn't... because I too am in Love. What are all y'all looking at... Even if this thread was as Rabid as Ole'Yeller I couldn't come to shoot her... don't worry... She is safe... Not to mention, I think any and every one of y'all Would take bullet for this thread... Why am I even explaining myself... where the hell is that delete button...

Long Live bla bla bla...
