Uh, have to set you straight here, JrMcD...She died of a heart attack...a myocardial infarction, to be precise...about an hour AFTER having dinner. She DID NOT choke on a sandwich, as legend would have it. The medical examiner's report is posted on the net somewhere...will link it when/if I have time to track it down. I'm too busy trying to clean the slop off my shoes from walking in that box of yours. ( you really need to do SOMETHING about that, guy. Never saw so many stained copies of "Roswell Green Alien FartPorn" in all my life!  
)

And, for the record...ain't it time to give this thread a rest? We all know that, no matter who they pick...or how good a script they put together...or who does the f/x...HollyWeird is gonna screw this movie over just like they do with so many other movies; too many for me to try and count.

So, Let's get back to a more important subject: when are you and Matrixblur gonna host another poker night? I'm getting itchy...and BB says that he's gonna supply us with fresh cards that aren't covered with those funny little dots like yours did last time
