Snap... back to reality and the question at hand... Who Should play WW? MagicVet, My friend... although your suggestion is a good one, it was mentioned back in post #44. So other people share your opinion.

And since I have been snapped back to the reality of this thread... let me quote myself from posts #24 and #38

#24

I can't remember if I have said "Who cares... the movie is going to suck".... but.... Who cares... the movie is going to suck.

I will only like it if someone joins the Mile High club while flying in her invisible jet... now we are talking... I can almost hear the porn music now....
