As far as being a NERD, you can't judge a sewer by its manhole cover, no sir! People can be very different, under the surface, than they might seem; quiet, mild mannered souls just might turn out to be roaring lions of two-fisted cool! Shining giants of glowing keenness just might have some crippling lobster problems!

Listen man, it's all crazy down there under the surface! A lost wallet could bite you in half! A bar of soap could save your life. And egad, a disgusting mound of muck might have some very compelling ideas! Do you dig my ditch?
