SUCK!!! It is going to SUCK... WTF... is that Bizarro in the picture below. Superman doesn't need anything but his red and blue. He is Superman... he doesn't need armor... he doesn't need Metal ribs on his suit... dumb. (that is just the comments on that suit beloew)

And yeah, I too will stick to my guns (plus I am not about to read all the stuff that y'all wrote... wow... y'all got serious) Suck... I mean, lik,. worse than Superman 3...
