I don't see a problem with this. The Fan Fiction section is so everybody can write their own interpretations of their favorite characters. VampireLover's fan fiction is a perfect example of this. While I'm not exactly sure what you are referring to when you talk about "Marvel 616"\*, I don't see a problem with discussing it here.

\*I stopped paying attention to comics after they killed Captain America and probably won't go back to them again until the man that belongs in that suit returns.
